

ÍNDICE

	Página
Miguel Saldanha – Luiz Saldanha, o meu pai.....	i
Pedro Ré, Armando J. Almeida & Manuel Biscoito – Luiz Vieira Caldas Saldanha, passion for the sea.....	5
Nicole Boury-Esnault, Jean-Georges Harmelin, M. Ledoyer, Luiz Saldanha & H. Zibrowius – Peuplement benthique des grottes sous-marines de Sagres (Portugal, Atlantique Nord-Oriental).....	15
Jean-Georges Harmelin – <i>Puellina saldanhai</i> n. sp., a new Cribrimorph Cheilostome (Bryozoa: Gymnolaemata) from dark cave environment of Southern Portugal.....	39
Jean-Claude Quéro – Colocongridae (Pisces: Anguilliformes) de Nouvelle-Calédonie (Pacifique Sud-Ouest). Description de <i>Coloconger saldanhai</i> sp. n.	53
Alan Logan – Recent cave-dwelling Brachiopods from Western Portugal and Madeira.....	65
Daniel Desbruyères, Karine Olu, Ana Colaço, Thierry Comtet, Pierre-Marie Sarradin, Manuel Biscoito & Yves Fouquet – Composition et distribution des communautés associées à l’hydrothermalisme océanique au point triple des Açores sur la Dorsale Médio-Atlantique	75
Armando J. Almeida, L. Amoedo & Luiz Saldanha – Fish assemblages in the seagrass beds at Inhaca Island (Mozambique)	111
M. L. Harmelin-Vivien, Jean-Georges Harmelin & Armando J. Almeida – Structure of fish assemblages on coastal rocky shores of the Azores.....	127
Luís Cancela da Fonseca, P. Duarte & F. Pombo Gaspar – Trophic group patterns of macrobenthos in brackish coastal systems.....	139
Luís Cancela da Fonseca, J. M. Bernardo, A. M. Costa, M. Falcão & C. Vale – Seasonal chemical changes and eutrophication of a land-locked coastal lagoon (St. André, SW Portugal).....	167
François J. Meunier – Morphologie et structure des écailles du poisson-chirurgien <i>Ctenochaetus striatus</i> (Quoy et Gaimard, 1825) (Teleostei, Acanthuridae)	187
Jacqueline Carpine-Lanere – Francisco Afonso Chaves, homme de science, homme de bien ...	199
Afonso Marques & Armando J. Almeida – Otolith morphology of <i>Nezumia</i> <i>sclerorhynchus</i> and <i>Nezumia aequalis</i> (Macrouridae): a useful tool to species identification and ecological studies	205

	Página
Maria Teresa Dinis – Aquaculture and aquatic resources	213
Diana Boaventura & Pedro Ré – Vertical and horizontal distribution of sublittoral macrobenthic communities in the Arrábida / Espichel Coast (Portugal).....	221
Orlando J. Luís, Catja Behrschmidt, Luís Narciso & Luiz Saldanha – Lipid and fatty acid composition of some deep-sea fishes from the hydrothermal vent site Lucky Strike	243
Patrick M. Arnauld & Jean M. Beurois – <i>L'Ichtyandre</i> (1901) d'Etienne Peaut, un scaphandre autonome oublié de l'histoire de la plongée	269
Vitor C. Almada, Miguel Henriques & Emanuel J. Gonçalves – The study of inshore fishes in Portugal – A brief history and prospects for the future	289
José Calvário – Characterization of the Tagus estuary macrobenthic communities	313
Lev Fishelson – Community structure and fish and invertebrate biodiversity in marine ecosystems: the consequences of our actions	331
João Carlos Marques – Diversity and Biodiversity: What might be their significance in the scope of sustainable development?.....	349
François Doumenge – Grandeur et décadence de l'halieutique industrielle méditerranéenne....	363
V. M. Korovina, A. V. Neyelov & P. Voronina – Anatomy and histology of the alimentary tract of the Antarctic toothfish <i>Dissostichus mawsoni</i> Norman (Pisces: Nototheniidae)..	421
Deborah Mary Power – Thyroid gland development in a marine teleost, <i>Sparus aurata</i> (Linnaeus, Sparidae)	433
Richard Gordon Miller – A review of the Genus <i>Aethotaxis</i> (Pisces: Nototheniidae), its phylogenetic status, physiology and dispersal	445
Armando J. Almeida – List of publications of Luiz Saldanha from 1959 up to 2001.....	463
